Consumer Billing Policy & Procedures

1. Billing Cycle & Bill Generation

Bills are generated on a monthly basis for all domestic and commercial consumers. The billing period runs from the 1st to the last day of each calendar month. Bills are dispatched by the 10th of the following month via post, SMS, and email.

1.1 Meter Reading Schedule

Meter readings are recorded by authorised field staff between the 25th and 30th of every month.

- Meter readers carry official ID cards — always verify before providing access.
- Smart meter readings are recorded automatically every 15 minutes and transmitted digitally.
- If a meter reader is unable to access the premises, an estimated bill will be issued.
- Estimated bills are based on average consumption of the previous 3 months.

2. Bill Components & Charges

Every electricity bill consists of the following components:

Charge Component	Description
Energy Charges	Units consumed × applicable rate per slab
Fixed / Demand Charges	Monthly fixed charge based on sanctioned load
Electricity Duty (ED)	5% of energy charges as per state government levy
Fuel Surcharge Adjustment (FSA)	Variable charge based on fuel cost index (notified monthly)
Meter Rent	Rs. 20/month for conventional meters; waived for smart meters
Arrears / Advance Adjustments	Any outstanding or advance payments from previous bills
Subsidies / Concessions	Government approved subsidies for eligible categories

3. Bill Calculation Example

Example: A domestic consumer uses 250 units in a month. Calculation under Category-A slab:

- First 100 units @ Rs. 2.50 = Rs. 250.00
- Next 100 units (101–200) @ Rs. 3.75 = Rs. 375.00
- Remaining 50 units (201–250) @ Rs. 5.25 = Rs. 262.50
- Fixed Charge = Rs. 80.00
- Sub-total Energy = Rs. 967.50

- Electricity Duty @ 5% = Rs. 48.38
- Meter Rent = Rs. 20.00
- TOTAL BILL = Rs. 1,035.88

4. Late Payment & Disconnection Policy

Bills are due by the 20th of the month of issue. The following surcharges apply for delayed payments:

Delay Period	Surcharge
Up to 15 days after due date	1.5% of outstanding amount
15 to 30 days after due date	3% of outstanding amount
More than 30 days	5% + disconnection notice issued
More than 60 days	Physical disconnection of supply

Note: Reconnection after disconnection requires full payment of arrears plus a reconnection fee of Rs. 500 (domestic) or Rs. 1,000 (commercial).

5. Security Deposit Policy

Every new consumer is required to pay a refundable security deposit at the time of connection.

- Domestic consumers: Rs. 1,000 to Rs. 3,000 depending on sanctioned load.
- Commercial consumers: Rs. 5,000 to Rs. 20,000 depending on load.
- Security deposit earns interest @ 6% per annum, credited annually to the consumer account.
- Deposit is fully refundable upon permanent disconnection after clearing all dues.
