2. Due Date & Penalty Policy

The due date for bill payment is the 20th of each month. Payments received after the due date attract late payment surcharges as follows:

- 1 to 15 days late: 1.5% surcharge on the outstanding amount.
- 16 to 30 days late: 3% surcharge on the outstanding amount.
- Beyond 30 days: 5% surcharge + disconnection notice issued.
- Beyond 60 days: Physical disconnection of electricity/gas supply.

Note: Surcharges are waived if delay is due to a billing error on our part, upon verification.

3. Partial Payment Policy

Partial payments are accepted but do not prevent disconnection action if the outstanding balance exceeds 60 days. The minimum payment to avoid disconnection notice is 50% of the outstanding dues. Consumers in financial hardship may apply for an Instalment Plan at their divisional office.

4. Payment Receipt & Confirmation

- Online and app payments: Instant digital receipt via SMS and email.
- Counter and office payments: Physical receipt issued immediately.
- Bank payments: E-receipt generated within 2 working days.
- All receipts contain a unique Transaction Reference Number (TRN) for tracking.

- Receipts are also available in the 'Payment History' section of the consumer portal.

5. Refund Policy

Refunds are processed in the following cases:

- Excess payment: Adjusted in the next bill or refunded to source account within 7 working days.
- Security deposit refund: Processed within 30 days of permanent disconnection after clearing all dues.
- Billing errors: Corrected in the next billing cycle with credit adjustment.
- Refunds for online payments are credited back to the original payment method.

6. Instalment Plan for Large Arrears

Consumers with arrears exceeding Rs. 5,000 may apply for a structured instalment plan. Plans are available for 3, 6, or 12 monthly instalments. An instalment agreement must be signed at the divisional office. No disconnection action is initiated while the consumer adheres to the instalment schedule. Defaulting on two or more instalments cancels the plan automatically.
